

Evoxen Familiar Station F8500 is specially designed and developed as a business tool to meet unattended automatic collection for parking fees.

F8500 is an advanced Auto Payment Station to cater for today's car park operation needs for centralized car park systems. It can be used for collecting parking fees based on hourly or fixed rate.

The F8500 comes equipped with world class banknote & coins validator. This will enhance the security and reliability for your collection. F8500 also comes with option to upgrade to multiple bays for the banknote & coins dispensers. This will allow decisions of the combinations of change to be returned to the patron.

With its easy maintenance and low operating cost, F8500 enables maximizing of profits.

Collection logic can be configured with ease without any programmatic dependence on vendor.

The F8500 is the parking equipment that will enable your business to enjoy unattended collection 24 hours x 365 days.

World class standard note acceptor c/w 2 secure note Cartridges (1,200 note per Cartridge)

Note dispenser option to allow change to be returned in note form. Multiple note dispenser bays to cater for different needs.

Coins hopper with extension, enlarging the capacity to approximately 2,000 coins per Cartridge.

Swappable Coin/Cash Cartridge with multilevel locking control for convenience of collection & refill of the coins and notes.

Option to upgrade to wider range of SODECO series for enhancing security, speed and total note supported for the note validation

Parking comes *alive™*
